Pray for college students as they start a new semester, that they would remain close to God and be a witness on their campus.

**29100 Update, Open-Air Worship Center  
 (Building-Steering Ministry Team)**

*As of Thursday Noon (Aug 26, 2010):*

- We thank the Lord for the very visible progress this week since the steel components for the OAWC were delivered Monday morning, Aug 23<sup>rd</sup>. This includes the heavy columns, beams, sheet metal roofing, and eave trim.
- Erection began immediately and as of Thursday morning, the crew foreman estimated that all structural steel could be in place by the end of the week. Installation of the sheet metal roofing could begin around Monday, Aug 30<sup>th</sup>. Total construction time is still estimated at approximately 13 days, provided no weather delays.
- Please pray for these men who are working very hard in extremely hot weather while manipulating very heavy materials: Larry, Justin, Miguel and Ismael. Ask for their protection and safety as they work on our behalf.
- Refer to our FBCT website (under “Home/29100 Campus”) for construction photo updates as progress continues.
- Based on our contract with the steel erection construction company, payment of the total \$23,000 is not due until all of their work is complete. The present balance in the 29100 Fund is \$28,980.85.
- Lighting and power for the OAWC will be installed in conjunction with the restroom construction and utility connections.
